COUNTY SCHOOL KIDS MAKE GOOD SHOWING IN SPELLING CONTEST

More than 200 attended the spelling contest at the high school building in this city last Saturday which was participated in by the school children of the county. The contest was of both a written and oral character and reflects great credit upon the county and district superintendents and the various teachers of the county. Several 100 per cent averages were attained in both the oral and written exercises.

FORMER MEDINAITE ADDRESS KIWANIS

Congressman Martin L. Davey entertained things a bit at the last Kiwanis luncheon at the Church of Christ, taking as his subject "The Menace of Red Radicalism," in which he pictured the evils of bolshevism to good effect.

Albert Bartholomay won the attendance prize, a Parker fountain pen presented by W. J. Wall, the druggist. In view of the fact that Mr. Bartholomay had won a prize at a preceding luncheon, he will put up the pen at the meeting this Friday which will be held at the Baptist church.

This week's speaker will be Walter I. Edmunds, formerly superintendent of schools here but now serving as superintendent of the Sandusky schools. He is also president of the Sandusky Rotary Club.

Secretary Brainard requests a heavy attendance as a welcome to the former Medinaite.

MANY DOGS BEING LICENSED THIS YEAR

More than 2000 dog licenses have been issued by the Auditor's office since January 1, quite a large number compared to 1919 in which but 2250 were issued for the entire year. The approaching hunting season will probably swell the issuances to a record for this county, said Auditor Washburn.

MINNELLI BROTHERS OPEN HERE IN MAY

The well known Minnelli Brothers Dramatic company will open its fifteenth consecutive season in Medina Monday, May 17. An entirely new company has been selected and brand new plays will be presented. Good vaudeville is a feature of this aggregation.

MAYOR ASKS PEOPLE TO BUY WAR STAMPS

Mayor Hartzog today issued a final appeal for the people of this community to buy War Savings Stamps and \$100 Treasury Savings Certificates during the next few days. According to word from the Ohio War Savings Committee Ohioans must buy at least \$1,000,000 worth of government savings securities during the next few days if Ohio is to maintain its lead over New York. That this amount may be obtained Mayor Hartzog has been asked to have the citizens of this community buy their respective quota. The race between Ohio and New York during April has developed into a neck and neck affair, according to word received at the mayor's office. Due to the great drive being made in Ohio more government securities have been sold during the first few weeks of April than during any other like period but New York has shattered all former records.

The mayor pointed out that \$100 treasury savings certificates may be bought at the postoffice during the next few days for \$83 but after May 1 they will increase in price. These certificates are tax exempt, are equivalent approximately to a 6 per cent investment, are readily cashable and always increase in value. They cannot decrease. The certificates are registered at time of purchase against loss by fire and theft.

TO BUILD STORAGE TANK

The Lodi Equity Co., of Lodi let the contract for a 10,000 bushel grain storage tank to be built of reinforced concrete blocks. The Lodi Concrete Works secured the contract and work will start within the next few weeks.

C. C. L. PROGRAM

The Child Conservation League will meet next Monday with Mrs. M. O. Hallock. The following program will be carried out:

Paper—"A Sense of Justice as a Foundation of All Virtues"—Mrs. G. A. Bell.

Music.

Paper—"Application of the Law of Justice in Acquisition and Use of Money"—Mrs. George Mellert.

Paper—"Play the Game According to the Rules—Epitome of Life Training"—Mrs. M. O. Hallock.

DECREASE IN RECEIPTS

Last year 12,152,000 animals, excluding calves, or 784,000 less than in 1918, were sold by farmers at the great primary markets of the middle west—Chicago, Kansas City, Omaha, St. Louis, St. Joseph, St. Paul and Sioux City. The record year in these markets was 1918 for both cattle and hogs. Of the latter, 25,462,000 were marketed in 1918, and 25,280,000 were marketed in 1919. The receipts for sheep, including lambs, made a new record in 1919 when 14,308,000 animals were marketed.

The Standard Bearers will give a minstrel show in the town hall Thursday evening, May 6. This entertainment, given by 20 girls, has all the essential features of a barnet cork program—jokes, conundrums, popular songs, dances and novel specialties, with a comical after piece for the whole company.

STRUCK BY ELECTRIC CAR BOY GETS DAMAGES

Abram O. Johnson, 19 years old, through his father, Stephen Johnson, brought suit in the common pleas court Tuesday against the Southwestern railway for \$1,000, damages resulting from an accident in August, 1918, when a company car ran into a Ford driven by young Johnson. He was awarded damages in the amount of \$200.

According to the complaint, Johnson was driving a Ford across the track at Chippewa Lake Park about 7:30 in the evening on August 8, 1918, when the Southwestern car without sounding a warning or showing lights or lessening speed, crashed into the Ford, throwing him from the machine and injuring him about the face, head and body to such an extent as to render him bedfast for several weeks and to inflict permanent injuries.

COMMISSIONERS APPOINT DITCH SUPERVISORS

The county commissioners met Monday and allowed bills amounting to \$181.50 in salaries.

Clyde Orton was appointed supervisor of Bear Swamp ditch on the town line road between Montville and Sharon twps.

Lester Johnson was appointed ditch supervisors for the River Styx ditch in Guilford and Montville twps., compensation being 60 cents per hour.

WEARING OLD CLOTHES WOULD HAVE BEEN BETTER

The high school students held an "overall" dance at Odd Fellows hall Friday night, the costumes being overalls for the boys and gingham dresses for the girls. To "make the grade" many bought overalls and dresses for the occasion, thus lessening the effect of price-reducing propaganda.

SMALL BLAZE THURSDAY

A two-story frame house on Foundry street, occupied by a foreigner named Toquar, caught fire Thursday afternoon, supposedly from a defective fuse. The firemen made a quick run, and the damage was confined to the roof.

Most of the contents of the house had been removed a few days ago, having been sold to the neighbors. It is understood that Toquar and his family are soon to return to the old country.

DRAMATIC COMPANY TO OPEN SATURDAY

The big crowd will probably drift toward Huntington and Washington streets next Saturday night when the famous Newton-Livingston players open their seven-day season of modern dramatic offerings with "Won by Waiting," a successful comedy drama with heavy heart interest. In addition to the drama, high class vaudeville acts will intersperse.

Many of the players are old favorites who formerly appeared here with Minelli Brothers and their reappearance is an indication of crowded houses at every performance.

Not the least interesting feature of the show is the low prices that will be quoted as compared to the same line of attractions on the house circuits.

Medina should patronize this home aggregation of players who are opening their season in this city.

An automobile driven by a young man, a stranger in this city, was mired on North Court street near Union avenue Sunday on the H. C. Broadway place. It is understood that Mr. Broadway exacted payment from the stranger for damages done his property.

MEDINA REPUBLICANS VOTE WOOD AS CHOICE FOR NEXT PRESIDENT

A fairly good rainfall and the general apathy of voters at primaries kept the county vote away below normal last Tuesday. Returns came in Wednesday fairly early, the two last to report being Medina township and Seville.

Cox is credited with 368 votes in the returns which seem fairly well balanced, the heaviest vote coming from Wadsworth, precinct A.

On the Republican ticket General Wood led the running with 122 votes over Harding. The biggest Harding vote was polled at Wadsworth—101—and Wood's greatest showing was made in Brunswick—91 votes.

Hoover is still being considered by

both parties, the Democrats casting 11 votes and the Republicans showing Hoover enthusiasm to the extent of 55 votes. Johnson was also considered impartially, the Democrats giving him 7 and the Republicans 134 votes. The Lowden and McAdoo vote was negligible.

Frank Woods received 849 votes, Loomis scored 608, the two highest for delegates to the Republican convention. Judge Pardee was next with 526 votes, Whitney showing 460.

The Democrats selected Rockwell and Mulcahy as delegates with 164 and 149 votes, respectively.

The tables by precincts are given elsewhere in this issue.

GOOD ANIMAL ACT

The free trained animal show given in the public square last Saturday afternoon under the auspices of the local merchants was a clean exhibition and attracted a large crowd. This is the first of a series of free attractions that will probably be given the public by the merchants this season.

IMPROVED METHODS

A farmer's labor devoted to producing wheat in 1830 resulted in an average of hardly more than three bushels per work day of 10 hours. As the result of improved agricultural methods and machinery, his labor for one day now averages a product of 60 bushels, or 20 times as much as before.

New Cases

The Cadding-Bagley-Case Co. vs. H. L. Zimmerman, Carl Myers and F. W. Woods suit for commission of \$250 on real estate transaction.
